

Articulation Agreement

between the

**MISSISSIPPI BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING**

and the

**MISSISSIPPI STATE BOARD FOR
COMMUNITY AND JUNIOR COLLEGES**

September 2009 – August 2010

MISSISSIPPI

INSTITUTIONS OF HIGHER LEARNING

Dear Articulation Agreement Users:

The Board of Trustees of State Institutions of Higher Learning (IHL) is committed to increasing the number of adults in Mississippi with bachelor's degrees. In accordance with this goal, in June 2006, the Board established the Office of Community and Junior College Relations to join forces with the state's community and junior colleges to increase the number of students transferring to the state's public universities after completion of their two-year college coursework.

Since its conception, the Office of Community and Junior College Relations has been working with the Mississippi State Board for Community and Junior Colleges, individual community and junior college administrations, the IHL Executive Office of Academic and Student Affairs, and the universities' academic and admissions officers to develop, coordinate, and improve undergraduate academic articulation programs.

The following Articulation Agreement has been adopted to help students understand which courses at the community or junior college will transfer for credit toward a bachelor's degree at the university of their choice.

Please note that the process has been altered by which changes to the Articulation Agreement are made. The revised process is outlined in the Introduction on pages ii and iii. Additionally, moving forward, a chronological list of all changes or updates to the Articulation Agreement will be provided. This list appears on page iv.

Please contact me at rsykes@mississippi.edu or (601) 432-6458 with questions related to this agreement.

Sincerely,

Dr. Reginald Sykes
Assistant Commissioner of Community and Junior College Relations
Institutions of Higher Learning

Introduction

This articulation agreement contains programs of courses appropriate for transfer for community/junior college students who attend Mississippi's eight public universities. At the bottom of each program are listed the universities which offer the baccalaureate degree program.

Each university will accept courses as listed on the particular transfer program without loss of credit toward the conclusion of the four-year degree. It is intended that this articulation agreement be a minimum program transfer for all students moving from the community/junior college to the university system, as well as moving between universities in the system, acting as a "safety net" for transfer students. It is not intended to replace any individual articulation agreement between a particular community/junior college and a university which would allow additional courses to transfer into a specific program of study.

It is vital that the programs of study be reviewed periodically and that revisions be made where appropriate. The revision process will encompass the following:

- 1) make editorial changes as needed;
- 2) further standardize the format for programs of study;
- 3) update offerings by universities as needed; and
- 4) keep appropriate officials abreast of changes made by the universities.

It is understood that accreditation agencies expect colleges and universities to evaluate course offerings. It is further understood that community/junior colleges and universities are expected to comply with accreditation requirements and that a cooperative spirit will prevail in working through any needed changes.

There will be an IHL Articulation Subcommittee of the University Chief Academic Officers' Council with Community and Junior College representatives to serve on this subcommittee as nonvoting members for information purposes.

Editorial changes made by the Articulation Subcommittee shall need no further approval; however, any proposed changes in course offerings or transfer hours shall be made in accordance with the following procedures:

- 1) In consultation with Chief Academic Officers, each institution shall identify proposed articulation agreement changes to IHL through its Articulation Subcommittee representative by February 10 each year.
- 2) The IHL Articulation Subcommittee representative and representatives of each academic department/dean's office which offers the program involved shall discuss articulation agreement changes between February 15 and March 15.

Introduction Continued

- 3) Proposed changes approved by the Articulation Subcommittee shall be shared by IHL with the community/junior college representatives. Community/junior college representatives shall have until March 30 to review and comment on the proposed articulation changes.
- 4) The IHL Articulation Subcommittee and community/junior college representatives shall meet to discuss proposed articulation changes. This meeting shall take place between April 1 and April 10.
- 5) Chief Academic Officers shall consider approval of proposed articulation changes at their April meeting.
- 6) Articulation changes shall be communicated to universities and community/junior colleges (presidents and chief academic officers) by June 1 for changes which are to be implemented in the fall semester of the next calendar year. Any changes to these published dates are subject to approval by the IHL Chief Academic Officers and community/junior colleges Dean's Association.

Upon approval, the changes will be published and distributed to the universities and community/junior colleges. It is intended that the document be used as a minimum program of transfer and not replace articulation agreements between individual universities and community/junior colleges.

Articulation Committee

Mr. Emmanuel Barnes – Alcorn State University
Mr. John Elliott – Delta State University
Dr. Della Posey – Jackson State University
Ms. Sharon Nobles – Mississippi State University
Ms. Cay Lollar – Mississippi University for Women
Dr. Tazinski Lee – Mississippi Valley State University
Dr. Ann Canty – University of Mississippi
Ms. Barbara Westerfield – University of Mississippi Medical Center
Ms. Mary Dayne Gregg – University of Southern Mississippi

Dr. Fran Cox – Holmes Junior College
Dr. John Grant – Pearl River Community College
Dr. Sara Johnson – Itawamba Community College
Mr. James Kelly – Jones County Junior College
Dr. Lavinia Sparkman – East Central Community College
Dr. Steve Vacik – East Mississippi Community College

It is **strongly recommended** that students complete the Praxis I examination prior to transferring (if required).

At Southern Miss, the Gold Card is needed in order to enroll in Teacher Education courses. Before applying for the Gold Card, a student must have a “C” average in Freshman Composition, an overall GPA of 2.65, and the successful completion of the Basic Technology Literacy Exam (BTLE) or IC3 certification.

*If a student is interested in pursuing supplemental endorsements in their Mississippi Teaching License, it would be wise to pick up any elective hours in a common subject area such as Biology, Math, Social Studies, etc.
